Steamship Sir Walter Scott

The classic Loch Katrine Experience

A journey on the historic Steamship Sir Walter Scott, cruising these waters since 1899 and splendidly restored after 110 years of service, is a special experience. Departing from Trossachs Pier or Stronachlachar, you find yourself travelling at a gentler pace, the beauty of the loch unfolding before you in harmony with the gentle rhythm of the steam engine.

During your sailing, the story of Loch Katrine will be narrated by a member of the ship's crew, and you will be struck by the beauty of the landscape, the very scenery which captured the imagination of Sir Walter Scott.
